- @ Home Prep
- Hunter Technical Services
- eHazard.com
- Electrical Professional Consultants

CEU Requirements
To renew your Electrical Qualifications Card, you must obtain, every three years, at least 1.5 CEU's (15 hours of instruction) for Journeyman or Low Voltage Technician, or 3.0 CEUs for Master, related to the electrical trade. At least a one-day class or eight-tenths (0.8) CEU must be from a code-change class highlighting code changes to the current edition of the National Electrical Code for the renewal period. Only CEUs issued by specific organizations will be accepted. For more information on courses that are acceptable for CEUs, see the ESP Website.

NOTE: Effective 6/1/2020
To renew your Electrical Qualifications Card, you must obtain, every three years, at least 2.2 CEU's (22 hours of instruction) for Journeyman, Sign or Low Voltage Technician, or 3.8 CEUs for Master, related to the electrical trade. These CEU's must consist of the following at a minimum:
1. A one-day class or eight-tenths (0.8) CEU's must be from a code-change, a one-day highlighting code changes to the current edition of the National Electrical Code for the renewal period CEU.
2. A one-day class or eight-tenths (0.8) CEU's must be on Electrical Safety based on NFPA70E current edition for the period of renewal
3. Balance of the CEU's can be from other acceptable providers on specific approve electrical topics

We were passed NO information on the currently approved providers listed above so. All providers will need to reapply under the new program (Applications and complete information will be available on the website on 10/01/19). All providers will need to submit a new application, lesson syllabus, learning objectives, timetables and method of training for each course being taught. If a provider is an ICC preferred provider with the CEU course to be taught and documentation is provided, they will receive immediate approval. After 12/31/19, each approved provider will be issued an ESP Approved Provider Number that must show up on each CEU Certificate. All class taken for CEU's must be electrically based and be approved prior to offering or taking the training.
