

ELECTRICAL SAFETY TRAINING

Based on NFPA 70E 2021

PRESENTED BY
Electrical Professional Consultants

April 26, 2023 – 7:30AM-4:30PM

Location: NV Contractors Assn, 150 N. Durango Dr, #100, Las Vegas, NV 89145 (map on back)

This is a 8-hour Training Class based on NFPA 70E 2021 covering electrical safety Risk Assessment, Electrical Safe Work Permits, Electrical Energized Work Permits, and using the tables for Arc Flash Boundary. We will also cover Condition of Maintenance, Working Distances, Lock-Out-Tag-Out, Voltage Verification, PPE selection and other major topics found within NFPA 70E 2021.

Attendance or thorough knowledge of Electrical Safety Basics is highly recommended to get the most out of this training.

With over 40 years of experience in the electrical industry, Howard provides concise and clear information on what you need to know concerning electrical safety.

Cost per attendee: \$385.00

**Seminar Includes: Lunch and NFPA 70E 2021 Book
ICC Continuing Education Units (0.8) provided**

Registration: Call Marianne @ 725-214-6004 or email mgrochol@proec.biz

Registration closes on Wednesday, April 19, 2023

(72-hour notice required for any refund or transfer of class fee)

This class meets the NV Electrical Qualifications Card renewal CEU requirements
