

ELECTRICAL SAFETY TRAINING

NFPA 70E 2024

PRESENTED BY
Electrical Professional Consultants

November 20, 2024 – 7:30AM-4:30PM

Location: NV Contractors Assn, 150 N. Durango Dr, #100, Las Vegas, NV 89145 (map on back)

This is an 8-hour in-person Training Class based on NFPA 70E 2024 covering electrical safety policies, Risk Assessment, Electrical Safe Work Permits, Electrical Energized Work Permits, and using the tables for Risk Boundaries. We will also cover Condition of Maintenance, Working Distances, Lock-Out-Tag-Out, Voltage Verification, PPE selection and other major safety topics found within the National Electrical Code and NFPA 70E 2024.

Thorough knowledge of Electrical Safety Basics is highly recommended to get the most out of this training.

With over 40 years of experience in the electrical industry, Howard Herndon provides concise and clear information on what you need to know concerning electrical safety.

Cost per attendee: \$385.00

Lunch/NFPA 70E 2024 Book Included - ICC Continuing Education Units (0.8) provided

Registration closes Friday, November 15, 2024

(72-hour notice required for any class fee refund or transfer)

This class meets the NV Electrical Qualifications Card renewal CEU requirements

Registration: Call Marianne @ 725-214-6004, email mgrochol@proec.biz or register through the link on the Training Page of the Electrical Safety Professionals' website: <https://electricalsafetypro.org/>
